What Is IMU's Medicine Programme About?

Overview

The IMU Medical programme is structured into Medical Sciences and Clinical Training.

The first 2½ years focuses on the Medical Sciences and is undertaken at the University's campus in Bukit Jalil. On completion of the Medical Sciences, students proceed to clinical training. Students may choose to undertake this training either at the Clinical Campus Seremban or at a Partner Medical School (PMS) overseas. The overseas duration varies from 2 to 4 years.

The IMU has an integrated system-based curriculum for its medical programme and uses a variety of approaches to its teaching-learning activities. These include lectures, problem-based learning (PBL), task-based learning (TBL), practical classes, independent learning, clinical skills sessions and clinical training with patient contact. Clinical training is carried out at the Hospital Tuanku Ja'afar in Seremban, Hospital Jempol, Negeri Sembilan, Hospital Kuala Pilah, Negeri Sembilan, Hospital Port Dickson, Negeri Sembilan, Hospital Sultanah Nora Ismail in Batu Pahat, Hospital Enche' Besar Hajjah Khalsom in Kluang and other teaching hospitals and healthclinics in Negeri Sembilan and the Klang Valley.

The early exposure of students to clinical experiences emphasises the importance of clinical application of basic science and serves to stimulate students' interest in Medicine.

DEGREE / DURATION

MBBS (IMU) — 5 years

Degree from partner
universities — 4½ – 6½ years

COMMENCEMENT

February and August

PARTNER UNIVERSITIES

AUSTRALIA

UNITED KINGDOM

The University of Manchester

IRELAND

CANADA

A Word from the Dean

**“Medicine is a life-changing career.
It is for those who are fully committed
to take up the challenge.”**

PROF DATO' DR (MRS) S T KEW — Dean, School of Medicine
MBBS (Sing), FAMM, FAMS, FRCP (Lond), FRCP (Edin),
FRCP (Glasg), FRCPI, FACP (Hon), FRACP (Hon)

How Does the Programme Work?

Medicine Programme Structure

SEMESTER	SEMESTER	SEMESTER	SEMESTER	SEMESTER
1	2	3	4	5
Foundation Module (20 weeks)	Cardiovascular System (5 weeks)	Gastrointestinal System (6 weeks)	GP Posting (1 week)	Community Health Survey (2 weeks)
Anatomy	Respiratory System (5 weeks)	Renal System (4 weeks)	Reproductive System (4 weeks)	Clinical Integration Block
Physiology	Haematology System (5 weeks)	Endocrine System (4 weeks)	Musculoskeletal System (5 weeks)	Clinical Attachment (4 weeks)
Biochemistry			Nervous System (5 weeks)	Clinical Skills and Integrated Medical Seminars (4 weeks)
Genetics			Clinical Rotation / Elective (4 weeks)	Forensic Science (4 weeks)
Embryology			Basic Life Support (1 Week)	
Pathology				
Immunology				
Microbiology				
Parasitology				
Pharmacology				
Community Medicine				
Clinical Skills				
SEMESTER	SEMESTER	SEMESTER	SEMESTER	SEMESTER
6	7	8	9	10
Clinical Rotations in:	Clinical Rotations in:	Specialised Postings:	Clinical Rotations:	Senior Clerkship (20 weeks):
General Medicine (7 weeks)	Orthopaedics (7 weeks)	Obstetrics & Gynaecology (8 weeks)	Medical Block (6 weeks)	Internal Medicine (5 weeks)
General Surgery (7 weeks)	Psychiatry (7 weeks)	Paediatrics (8 weeks)	Surgical Block (6 weeks)	Surgery (5 weeks)
Family Medicine (7 weeks)	Surgical-Based Block (7 weeks)	Elective / Selective (8 weeks)	Family Medicine (6 weeks)	Obstetrics & Gynaecology (5 weeks)
	Medical-Based Block (6 weeks)			Paediatrics (5 weeks)

The curriculum is reviewed periodically and is subject to change.

The MPU modules are compulsory modules imposed by Ministry of Higher Education under the Private Higher Educational Institutions Act 1996 (Act 555). All students must take these modules and pass as a prerequisite for the award of the degree.

Assessment

A variety of assessment methods are employed in the medical curriculum to assess the learning outcomes. This includes various types of:

- Multiple Choice Questions (MCQ)
- Objective Structured Clinical Examination (OSCE)
- Objective Structured Practical Examination (OSPE)
- Modified Essay Questions (MEQ)
- Structured Essay Questions (SEQ)
- Extended Matching Question (EMQ)

Clinical Training

Clinical exposure to patients starts as early as Semester 1 and throughout the integrated system modules in Semesters 2, 3 and 4. In Semester 5, students spend 4 full weeks in hospital postings. In the clinical years from Semester 6 to Semester 10, students are posted to the full range of major medical and surgical specialties.

Clinical and hospital postings are conducted in hospitals and community clinics including:

- Hospital Tuanku Ja'afar
- Hospital Port Dickson
- Hospital Kuala Kubu Bharu
- Hospital Orang Asli, Gombak
- Hospital Kluang
- Hospital Jempol, Negeri Sembilan
- Hospital Kuala Pilah, Negeri Sembilan
- Hospital Batu Pahat
- Several community clinics in Negeri Sembilan and the Klang Valley

Currently, Semester 10 students undergo their 6 months of Senior Clerkship at Hospital Batu Pahat or Hospital Kluang. During this semester, students work in wards as shadow house officers under the supervision of senior clinicians, in order to prepare them for their housemanship. This is important for the students as they will be provided the opportunity of hands-on incremental responsibility for patient management.

Recognition of Degree

The IMU will award the Medical degree of MBBS (IMU) to students upon completion of the IMU 5-year Medical programme. This degree is recognised by the Malaysian Medical Council (MMC) and accredited by the Malaysian Qualifications Agency (MQA). The degree is listed in the World Directory of Medical Schools.

The Partner Medical Schools (PMS) will award their respective degrees to students upon satisfactory completion of their programmes.

Graduates from IMU's Medical programme and PMS are working in various healthcare facilities in Malaysia and other countries

including Singapore, the United Kingdom and Australia.

The School of Medicine was granted a 5-year accreditation from Malaysian Qualifications Agency (MQA) for its medicine programme.

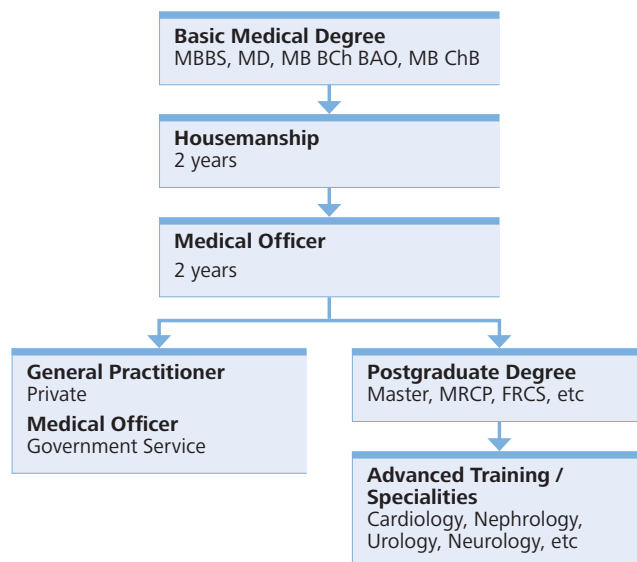

Career Pathway

Medicine offers a vast variety of career choices. Most doctors treat patients full-time, while others also teach, conduct research, manage hospitals and clinics, or develop healthcare policy.

A doctor can work in private hospitals, or start a private practice, either with the basic degree, or after specialisation. A doctor may also choose to remain working with the Government. Doctors can join an academic institution, teach or do research. Doctors can combine medical knowledge and IT skills to develop e-learning modules: the future of medical education.

Medicine has diversified. Increasingly the focus is on preventive healthcare and the management of chronic diseases and ageing. These are also the areas that many doctors serve.

CAREER PATHS FOR DOCTORS IN MALAYSIA

Please note that in order to work with the Government, graduates will be required to have a pass in SPM Bahasa Malaysia.

International students are advised to check with the professional bodies for internship / practising opportunities.

Presently, non-Malaysian students are not eligible for housemanship positions in Malaysia.

Duration of Study and Transfer Requirements

TRACK 1

University	Duration of Medical Programme		
	Phase 1 (IMU) (Years)	Phase 2 (Years)	Total (Years)
Malaysia			
International Medical University	2½	2½	5

TRACK 2

University	Duration of Medical Programme		
	Phase 1 (IMU) (Years)	Phase 2 (Years)	Total (Years)
Australia			
University of Adelaide	2½	3	5½
University of Newcastle	2½	3	5½
University of Tasmania	2½	3	5½
University of Western Sydney	2½	3	5½
Canada			
Dalhousie University, Canada	2½	2	4½
United Kingdom			
University of Aberdeen, Scotland	2½	3	5½
University of Dundee, Scotland	2½	3	5½
University of Edinburgh, Scotland	2½	3	5½
University of Exeter, England	2½	3	5½
University of Glasgow, Scotland	2½	3	5½
University of Leeds, England	2½	3	5½
University of Liverpool, England	2½	3	5½
University of Manchester, England	2½	3	5½
University of Nottingham, England ²	2½	2½	5
Queen Mary University of London, England	2½	3	5½
Queen's University of Belfast, Northern Ireland	2½	3	5½
University of Southampton, England	2½	3	5½
Ireland			
National University of Ireland, Galway	2½	3	5½

TRACK 3

University	Duration of Medical Programme		
	Phase 1 (IMU) (Years)	Phase 2 (Years)	Total (Years)
United Kingdom			
University of Warwick, England ³	2½ or 3½	3	5½ or 6½

TRACK 4

University	Duration of Medical Programme		
	Phase 1 (IMU) (Years)	Phase 2 (Years)	Total (Years)
Australia			
Australian National University ^{4, 5}	3½	2	5½
University of New South Wales	3½	3	6½

Note

- Full duration of study for the Medical programme (undergraduate and graduate entries) is 4½ to 6½ years, depending on the university of choice.
- The list of partner universities is subject to change.

Graduate Entry

³ For University of Warwick, student with a first degree on entry may transfer after 2½ years. Students without a first degree will have to spend another year to complete the IMU Bachelor of Medical Sciences (Hons) and obtain a Second Class Upper to be eligible to transfer. The IMU Bachelor of Medical Sciences (Hons) is a 1-year programme. Tuition fees for this programme is RM25,350 per semester.

⁴ For Australian National University and University of New South Wales, students are required to have a Second Class Upper for the IMU Bachelor of Medical Sciences (Hons) prior to transfer.

⁵ The fee for the bridging course varies and is dependent on the institution of choice.

Why Study Medicine at IMU?

1

An Established Private Healthcare University

IMU is Malaysia's first and most established private medical and healthcare university with over 25 years of dedicated focus in healthcare education. IMU achieved a Tier-5 rating in the SETARA ratings of Malaysian Universities and University-Colleges awarded by Malaysian Qualifications Agency (MQA).

2

Build Your Future Healthcare Professional Network

As IMU offers the widest range of healthcare programmes, our students are fully immersed in a vibrant community of students and practitioners from all healthcare fields. This allows for the development of strong friendship amongst peers that will be the foundation of an extensive healthcare professional network upon graduation.

3

Largest Private Medical School in Malaysia

IMU's MBBS programme was established over 16 years ago and to date has the highest number of faculty members, registered students and successful graduates of any other private medical schools in Malaysia. The School has been re-accredited by Malaysian Qualifications Agency (MQA) and Malaysia Medical Council (MMC) for maximum duration of 5 years (2015 – 2020).

4

Curriculum Benchmarked to International Standards

IMU's medical curriculum has been developed to meet high international standards and is accepted by 23 international partner universities for credit transfer into their medical programmes.

5

Better Preparation for Housemanship and a Career as a Doctor

With clinical exposure as early as Semester 1 and an intensive 6-month Senior Clerkship at Hospital Batu Pahat / Hospital Kluang in Semester 10 (unique in Malaysia), students are better prepared for patient care, housemanship training and to become better doctors.

How Much Does It Cost?

Medicine Programme Fees

All fees quoted are in Ringgit Malaysia unless stated otherwise.

FEES OVERVIEW

Fee	Amount (RM)	
	Malaysian Student	International Student
Application Fee	300	950
Registration Fee	1,300	3,400
Refundable Caution Deposit	2,000	2,000
Tuition Fee	490,000	543,500

- Application fee is payable upon submission of application.
- Registration fee and refundable caution deposit are payable upon acceptance of the offer letter issued by the IMU Admissions Office.
- As stipulated by Malaysian Ministry of Higher Education, international students will have to pay Student Visa Application fee of RM1,000 and Medical Health Check fee of RM250 and Visa endorsement fee (depending on nationality) upon registration.
- International students will also be required to pay Student Visa Renewal Administrative fee of RM140/year and Medical Health Check fee of RM250/year.
- Students must adhere to the "Policy on Payment of Fees".
- All students are required to pay Student Association Fees of RM40 per semester.

FEES BY PROGRAMME ROUTES

Programme Route	Total Duration (years)	At International Medical University (IMU)						At Partner University (PU)				At IMU + PU	
		Years	Total Semesters	Tuition Fee				Years	Total Semesters	Tuition Fee **		Total Tuition Fees ***	
				Per Semester		Total				Per Year	Total
