and at competitive
tuition fees.**

**Entry from High School
Diploma or TRC
University Foundation
routes.**

SINCE 1996 THE FACULTY OF INTERNATIONAL STUDENTS HAS TRAINED THOUSANDS OF DOCTORS OF MEDICINE, STOMATOLOGISTS (DENTISTS) AND PHARMACISTS.

Currently there are 1200 international students studying in these medical disciplines at the University, from over 21 countries: Turkey, Russia, USA, Iran, Syria, Jordan, Pakistan, Sudan, Sweden, Yemen, Israel, Iraq, Oman, Nigeria, Philippines, Finland, Palestine.

The AMU international graduates of the faculty are working in clinics in many different countries, having on conclusion of their degree gone on to successfully pass the national professional examination to practice, as is the norm, in the country of their choice.

Training is carried out in 74 departments of the University. The faculty's teaching staff comprises of 650 teachers, include 76 D.Sc. 298 Ph.D.; 2 Honoured Scientists of the Russian Federation; Honoured Workers of the Higher School of the Russian Federation, more than 40 academicians and corresponding - members of the Russian and international academies. Plus 10 Honoured Physicians of the Russian

Federation work at the departments of the clinical profile, in fact all the teachers we employ are in the higher or the first medical category.

The curriculum consists of 5 blocks of disciplines: humanities and socio-economic sciences, natural sciences, medico-biological, professional and special disciplines. Faculty graduates undergo clinical specialization in 36 specialties; internship course in 32 specialties; post-graduate course in 51 specialties. The sphere of the professional activity of the graduates is determined by the acquired specialty and includes; public health, social protection, pharmacy, medical and biological sciences, medical education, economy of public health. We wish you every success in your time at the university and for your future career, for which we know we will prepare you to a very high standard.

BAKU IS ONE OF WORLD'S ANCIENT CITIES AND TODAY IS A VIBRANT AND LIVELY PLACE WITH A WARM AND WELCOMING POPULATION.

Many students comment on how safe they feel while walking around the city - even after dark. The city has something to offer everyone, no matter what their interests or passions, from history to art and sports and beyond.

Geography

BAKU is the Capital of Azerbaijan, The climate is moderately continental.

Climate

Temperature ranges from C30+ to C10-. Winter season is from the middle of November until the middle of March.

Transport

Baku has an International airport few KM from AMU. It is just over two hour flight to Istanbul or Moscow from Baku. All our students arrive through GYD airport. From Baku airport it is a 20min trip to AMU campuses by car.

Entertainment

There are many lively venues around Baku where you can meet with friends to relax. If you prefer more active entertainment then you will find no shortage of new and exciting places to explore in and around the city itself.

MEDICAL PROGRAMME STRUCTURE (DURATION 6 YEARS):

1st Year, 1st Semester (Autumn)			
Course	ECTS	Hours	Assessment
General and Bioorganic Chemistry	6	90	Exam
Latin Language	4	60	Exam
History of Medicine	2	30	Exam
Human Anatomy I	6	90	Exam
Medical biology and Genetics I	5	75	Exam
Informatics	2	30	Exam
Foreign languages	2	30	Exam
Azeri (Russian) Language	4	60	Exam
Physical training	2	30	Pass/Fail
I st year 2nd Semestr (Spring)			
Course	ECTS	Hours	Assessment
Medical biology and Genetics II	3	45	Exam
Human anatomy II	5	75	Exam
Human Histology, Embryology, Cytology	6	90	Exam
History of Azerbaijan	6	90	Exam
Medical and biological physics	6	90	Exam
Foreign languages	4	60	Exam
History of Medicine	2	30	Exam
Azeri (Russian) Language	2	30	Exam
Physical training	2	30	Pass/Fail
2nd Year, 3rd Semester (Autumn)			
Course	ECTS	Hours	Assessment
Human anatomy III	5	75	Exam
Histology	5	75	Exam
Normal Physiology I	5	75	Exam
Biochemistry I	4	60	Exam
Biophysics	2	30	Exam
Foreign language	4	60	Exam
Civil defence	3	45	Exam
Elective subjects:			
1. Philosophy 2. Economics 1. Medical Ethics 2. Basics of Law	6	90	Exam
Physical training	2	30	Pass/Fail

2nd Year, 4th Semester (Spring)

Course	ECTS	Hours	Assessment
Normal Physiology II	5	75	Exam
Biochemistry II	5	75	Exam
Microbiology	6	90	Exam
Common hygiene	3	45	Exam
Operative surgery	4	60	Exam
Elective subjects			
1. Philosophy 2. Economics 1. Medical Ethics 2. Basics of Law	6	90	Exam
Physical training	2	30	Pass/Fail

3rd Year, 5th Semester (Autumn)

Course	ECTS	Hours	Assessment
Pathological physiology	4	60	Exam
Pharmacology	4	60	Exam
Microbiology	4	60	Exam
Operative surgery	3	45	Exam
General surgery	4	60	Exam
Propaedeutics of Internal Diseases	6	90	Exam
Pathological Anatomy	4	60	Exam
Common hygiene	3	45	Exam
Military hygiene	1	15	
Immunology	2	30	Exam

3rd Year, 6th Semester (Spring)

Course	ECTS	Hours	Assessment
Pathological physiology	5	75	Exam
Pharmacology	4	60	Exam
General Surgery	4	60	Exam
Radiodiagnostics	3	45	Exam
Propaedeutics of Internal Diseases	6	90	Exam
Pathological Anatomy	4	60	Exam
Dermatovenereological diseases	3	45	Exam
Neurology	3	45	Exam
Public Health	3	45	Exam

4th Year, 7th Semester (Autumn)

Course	ECTS	Hours	Assessment
Internal Medicine	4	60	Exam
Endocrinology	3	45	Exam
Surgical Diseases	3	45	Exam
Radiodiagnostics	3	45	Exam
Dermatovenereological diseases	2	30	Exam
Public Health	3	45	Exam
Neurology	4	60	Exam
Pulmonology	5	75	Exam
Obstetrics	4	60	Exam
Infective diseases	3	45	Exam
Neurosurgery	3	45	Exam

4th Year, 8th Semester (Spring)

Course	ECTS	Hours	Assessment
Internal Medicine	3	45	Exam
Physiotherapy	2	45	Exam
Surgical Diseases	3	45	Exam
Pediatrics	5	75	Exam
Traumatology	3	45	Exam
Ophthalmology	4	60	Exam
Obstetrics	4	60	Exam
Infective diseases	4	60	Exam
Neurosurgery	3	45	Exam
Psychiatry	3	45	Exam

5th Year, 9th Semester (Autumn)

Course	ECTS	Hours	Assessment
Internal Medicine Occupational diseases	3	45	Exam
Surgical diseases Military surgery	2	30	Exam
	2	30	
Oncology	4	60	Exam
Urology	2	30	Exam
Narcology	4	60	Exam
Stomatology	2	30	Exam
Military medicine	2	30	Exam
Pediatric surgery	3	45	Exam
Otorhinolaryngology	4	60	Exam
Therapeutic physical training	2	30	Exam
Pediatrics	4	60	Exam
Clinical pharmacology	3	30	Exam

5th Year, 10th Semester (Spring)

Course	ECTS	Hours	Assessment
Internal Medicine Occupational diseases	5	75	Exam
Surgical Diseases	5	75	Exam
Resuscitation and Intensive Therapy	2	30	Exam
Family Medicine	3	45	Exam
Oncology	5	75	Exam
Epidemiology Military epidemiology	3	45	Exam
	1	15	
Gynecology	3	45	Exam
Forensic Medicine	4	60	Exam
Infective diseases	4	60	Exam

6th Year (Classical system)

Course	ECTS	Hours	Assessment
Internal Medicine		399	
Family Medicine		84	
Pediatrics		85	
Infective diseases		77	
Surgery		196	
Traumatology		49	
Obstetrics-gynecology		112	
Resuscitation		41	
Pulmonology		28

Allergology		35	
Psychiatrics		28	

CLINICAL EXPERIENCE OPTIONS IN THE USA

Azerbaijan Medical University MD students now have the exciting option of Clinical Experience in the USA both during their programme and as post experience in Year 7.

AMU MD with USA Clinical Experience

Azerbaijan Medical University students have a unique study package which includes Clinical Experience in the USA. This exciting and essential experience allows AMU MD students to have the chance of voluntary medical experience under the supervision of a medical professor or consultant in a university hospital and health centre environment. This allows AMU MD students to build the essential references and recommendations that they need for future USA Fellowship application as well as a wider ranging medical experience opportunity.

AMU MD students can opt for either a standard Clerkships package of 4 weeks each year in years 3, 4, 5 and 6, or packages of 6 weeks in the same study years. There are also options to buy in further 4 week blocks if required.

THE STOMATOLOGICAL FACULTY AT AMU

Entry Requirements

High School Diploma with Passes in Chemistry, Biology, Physics plus an Intermediate level of English equivalent to, IELTS 5.5 (TOEFL 550); or with a TRC International University Foundation Programme Pass grade.

Stomatology faculty of Azerbaijan Medical University was organized in 1954. The aim of the foundation of the faculty was to provide the population of our Republic with highly skilled dentist specialists.

There are 9 departments in faculty:

- 1 Prosthetic Dentistry,
- 2 Oral and facial surgery,
- 3 Pediatric Dentistry,
- 4 Dentistry,
- 5 Ear, nose, throat, throat diseases, the department head,
- 6 Dentistry,
- 7 Operative surgery and anatomy,
- 8 Foreign languages,
- 9 Physical Education and Sports.

Generally, 13 doctors of sciences, professors, 32 dosents and senior teachers, 46 candidates of sciences, 24-senior teacher, 89 assistants, 33-teachers work at the stomatology faculty

There are 804 students at the faculty. Among them 494 are local students and 310 are foreign students. Besides, there are 3 postgraduates, 23 residents and 24 are working at the theses.

The stuff of Scientific Council of the stomatology faculty consists of 21 members (11 professors, 7 dosents, 2 assistants)

THE PHARMACEUTICAL FACULTY AT AMU

Entry Requirements

High School Diploma with Passes in Chemistry, Biology, Physics plus an Intermediate level of English equivalent to, IELTS 5.5 (TOEFL 550); or with a TRC International University Foundation Programme Pass grade.

There are 8 chairs in the department: Chair of Economy and Organization of Pharmacological Technology; Chair of Pharmacognosia and Botany; Chair of Pharmacology; Chair of Pharmacological Chemistry; Chair of Biophysics and Bioorganic Chemistry; Chair of General and Toxicological Chemistry; Chair of Social Sciences; Chair of the Latin language.

Several Doctors of Chemical and Biological Sciences working in Azerbaijan National Academy of Science are graduates of the Department of Pharmacology of the Azerbaijan Medical University. Nowadays the most active graduates of the department continue their education in Master's level in the specialties such as pharmacological technology, pharmacologic chemistry, toxicological chemistry and pharmacognosia.

History of education in pharmacology in Azerbaijan begins with the year of 1938. Our Department of Pharmacology trains highly qualified pharmacist with Bachelor's and Master's degree to work in health, including pharmacology field. Our department teaches the student basis of pharmacology – search of sources of medicines, methods of controlling the quality of medicines and preparation of different medicines. Students obtain knowledge and skills in implementation of modern methods of chemical analyses and purchase of new medicines. Students also get detailed information on possible impact of the medicine on organism, as well as to study the quality of medicine.

Nowadays there are more than 6500 highly educated pharmacist with Bachelor's and Master's degree in Azerbaijan. Almost all of them are graduates of AMU's Department of Pharmacology. 11 persons has recently defended thesis for Doctor's degree and 44 persons PHD in pharmacology in the specialty chairs of the department.

Term of Master's level education in the Department of Pharmacology is 2 years. Today more than 350 local and foreign student study in the department getting their Bachelor's and Master's degree in Azerbaijani, Russian and English languages.

USEFUL INFORMATION

ACCOMMODATION We provide hostels only for first year students

Student hostel accommodation is included ONLY for the first year in the Packaged fees and AMU provides students a place in shared rooms; 2 or 3 students per room, depending on availability at the time of your arrival. A toilet and shower room is provided between every 2- 4 rooms. The accommodation is self catering and there are 2-4 kitchens available on each floor.

Cafes are also available in academic buildings, with low cost food. There are also many different types of private restaurants and cafes around the university.

Heating, lighting and water are all provided within the AMU accommodation as part of the fee and students should expect to spend on standard foods, phone calls and transportation approximately 500+ USD per month.

Private apartment are available commercially for students perhaps at an extra USD 200-400 per month in shared apartment, plus service bills.

TRANSPORT

AMU is located in the heart of the city so most of the students walk during autumn and spring, with it taking approximately 2 min, 10 min and 15 min walking to the various hostel sites. There are also bus stations to the AMU campuses. Clinical classes are in different location in AMU , most are within walking distance.

ACCOMMODATION

Student hostel Accommodation and private accommodation is provided at cost for Azerbaijan Medical University students

There are also many different types of private restaurants available on campus and in the city to suit all tastes.
